

Gladness Comes

With a better understanding of the ransient nature of the many physical ilis, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual discase but simply to a constant of the sickness are not due to any actual discase. case, but simply to a constipated condi-tion of the system, which the pleasant family laxative, Syrup of Figs, prompt-ly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you pur-chase, that you have the genuine arti-cle, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely sed and gives most general satisfaction.

ARE PREPARING THE WAY. Old Buildings Being Torn Down at

Seventeenth and Cary. Chesapeake and Obio Railway Company has commenced to tenr down its property near the corner of Cary

and Seventeenth streets. Mr. Axtell was asked yesterday, if this had any bearing on the building of the rectly it had. The property was con-demned by the city authorities and had either to be repaired or torn down. Officials of the company in this city seem confident that the viaduct scheme will be carried out, and so it was de-cided to pull the property down to make way for the lines that will pass over the

No definite time was set for the meeting, but it will probably take place about the middle of next week. The reason for the postponement is understood to be a difference of opinion exist-ing between the members of the com-

The following prisoners in the State Pententiary were yesterday sentenced by Judge Wellford, of the City Circuit Court, to five years' additional confinement because of their second conviction: Charles Martin, Thomas Hogan, Eddle Jones, William Woodson, Davie Johason, John Davis, Winston Lewis, Samuel Wright, Wyatt Mason, and the following for life for a third conviction: Luther Jenkins and John Walker.

Mr. J. D. Crump was appointed a trustee for Temple Lodge, No. 1, to fill a vaccancy caused by the death of S. McG. Fisher.

Furman Makes an Affidavit.

Private Furman, whose trial by courtmartial March 23d led to the charges prefered by Officer Balley against Officer
Baker, made affidavit on March 20th that
he had surrendered himself to Baker and
not to Balley, and denied the charges
that he was drunk or begging when Bailey claimed to have apprehended him. It
was the submission of this affidavit by
Lleutenant Miller that led to the charges,
which were not specifie, being dismissed.
The affidavit was made primarily for
use at the meeting of the Police Commissioners, but principally to send on to
Washington with the minutes of the trial.
Lieutenant Chase, who acted as judgeadvocate at the court-martial, has taken
the matter up, and declared his intention
to press charges against Policeman Bailey.

The mail-carrier says he was the cause of the influx of these leathern trappings about the other extremity, but pings about the other extremity, but that he bought them from men at the stables and sold them to the people in the country for a few cents' gain. Miles Fleming, another colored man, was introduced here as one among the many who had sold the harness to Holmes. But Miles says he bought them from another man, who was not forthcoming. Justice John said this looked like it would develop into perpetual motion, in spite of what the scientists had said spite of what the scientists had said about such a feat, and that he would like to hear what those country buyers had to say about their prices and other interesting little matters, and besides, he wanted to give the police time to look up some more members of this endless stream of salesmen and purchasers.
